## Leadership Equity Assessment<sup>™</sup>

#### What is Leadership Equity Assessment™?

Leadership Equity Assessment<sup>M</sup> forms a precise basis point for a result and task driven leadership and organizational development process, where the development of the managers' skills in handling 13 specific leadership tasks is in focus.

Leadership Equity Assessment™ is based on extensive research. This research shows that managers who create excellent long term business results excel in the 13 LEA leadership competencies, compared to average managers. The 13 leadership tasks all relate to the manager's active role in being responsible for employees' productive working conditions.

Leadership Equity Assessment  $^{\text{\tiny M}}$  analyses and measures the individual manager, his/her team, as well as and the organization's performance on these 13 key skills – as a whole, department by department, manager by manager, and team by team.

#### **Unique Value Propositions for Trainers and Managers**

#### CERTIFICATION.

Experienced trainers and managers can complete LEA certification in two days.

#### GLOBAL REACH.

Online capability allows for data collection from any where in the world via the internet.

#### WINNING PRESENTATIONS.

All reports are delivered electronically and in user friendly layout and available in multiple languages.

# Anritsu, Japan

Anritsu is working worldwide in network telecommunication

#### SITUATION

Anritsu was facing increasing competition in the European market, and was struggling with the speed of implementation in several client projects.

#### **♦** COURSE OF ACTION

Anritsu SA surveyed all their European employees using Leadership Equity Assessment  $^{\text{TM}}$  to better understand the need for focus and implementation. Based on the LEA results, Anritsu decided to carry out the organizational development process to enhance specific LEA and business results.

#### **♦** RESULTS

Over a 2 year period, the LEA Index score raised from an average baseline score of 46 to a score of 56 - an increase of 22%. The organizational development process was carried out and had a significant impact on both client project implementations along with increased profitability.

## **LEA Competitive Benefits for Managers at All Levels and Top Management**

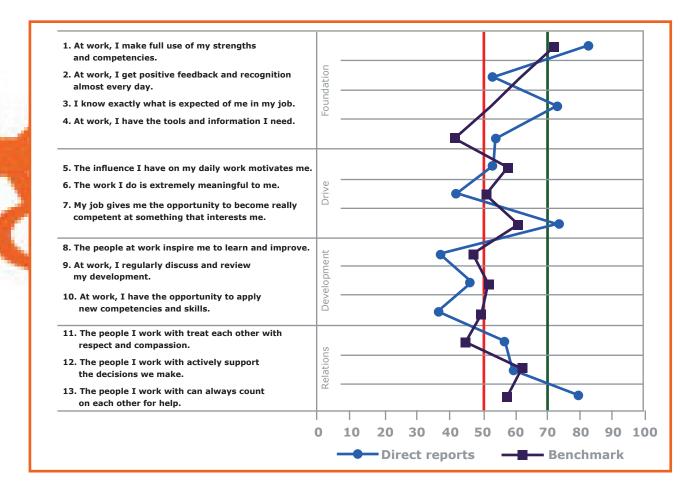

- PERFORMANCE LINKED. The LEA tool is based on thorough research linking LEA results directly with business results.
- ACTIONABLE. Emphasis is on acquiring immediate usable insight to optimize the leadership efficiency.
- SIMPLICITY. The tool is based on only 13 statements, and results are easily accessed in a personal manager report.
- ORGANIZATIONAL OVERVIEW. All managers in the organization will be performance evaluated and compared.
- CREATING FOCUS... by repeating the survey 4 times over a period of approximately 12-24 months.
- POSITIVE DEVELOPMENT PRESSURE. Through departmental and organizational action plans.
- GOAL ORIENTED DOCUMENTATION. Reports and guides give complete feedback and information using graphs, charts, and scores.
